NO COST · OPEN TO THE COMMUNITY

Connecting Families

Our 8-week community program is designed to give families the tools to transform their daily home life. Highly-rated and evidenced-based, our group program is designed for children and their parents with the goal of earning the distinction of becoming a "Socially Skilled" family.

Program fees are now free of charge through our partnership with UC Riverside and the California Youth Behavioral Health Initiative.

PROGRAM GOALS

- Building resilience
- Developing protective factors
- Good sportsmanship
- Stronger parent–child relationships

CHILD GROUPS

Led by a school psychologist

Co-facilitated with a specialized behavioral health counselor experienced in youth social-emotional development.

PARENT GROUPS

Led by a licensed therapist

Co-facilitated by a marriage and family therapist and a postdoctoral clinical psychologist.

HOW IT WORKS

- Children and parents meet in separate groups at the same time
- Weekly sessions on The Craig School campus in Irvine
- Skills are practiced live, then carried home between sessions

WHO IT'S FOR

Families in the community raising a child who struggles socially and whether or not they carry a diagnosis.

No cost to participate

Grant-funded through UC Riverside.

Contact Us Today

Contact Dr. Nancy Herrera to schedule the brief virtual intake assessment required before enrollment.
